THE BELEAGUERED CITY.

A GRAPHIC REVIEW OF THE SITUATION AT MEMPHIS.

The City Under Strong Police Protection---Persons Forbidden to Enter the City.

MEMPHIS, July 28.—The condition of affairs still presents a dark and gloomy outlook. The fever is becoming more malignant, and the mortality is increasing. Persons are yet fleeing from the city by rail. Trains on the Louisville, Charleston, and Mississippi Railroads have stopped. Memphis is now cut off from the outside world, except by the Mississippi River, with only a few boats running, and these hardly ever making the landing at our port in consequence of the quarantine regulations above and below us. Memphis is a beleaguered city, cut off by friends, not enemies.

THREE NEW CASES

were reported to the Board of Health this morning, no deaths. A detail of twenty-five men from the colored military company have been made to do police duty during the day as the entire strength of the regular police force have been assigned to night service. It has been raining steadily ever since day light. Dr. Samuel J. Ford, of Ennis, Texas, arrived here this morning. He will be sent out of the city tonight by order of John Johnson, supt. of quarantine, as he has never had the fever, and inspectors at the quarantine station have been instructed not to permit non-acclimated people to enter the city.

Europe's Next War.

Pall Mall Gazette.

The continued concentration of large bodies of troops in the north of Italy, and especially toward the Austrian frontier, is beginning to be viewed with some suspicion in Austria, and to be much commented upon by the Austrian newspapers. From a table lately published in Vienna, it appears that, while Austria has only 9,500 infantry, 940 cavalry, 1,400 field artillery, 700 garrison artillery and 200 engineers, or altogether a force of 12,740 men, quartered in the neighborhood of her Italian frontier, Italy, on the other hand, has now assembled 49,700 infantry, 10,360 cavalry, 7,200 field artillery, 2,700 garrison artillery and 3,750 engineers, or a total force of 73,710 men of all arms of the service near the Austrian frontier, the four fortresses forming the famous quadrilateral being especially garrisoned. It is also well known that much attention has been lately given by the Italian military authorities to perfecting the organization of the so-called Alpine troops—the force which, permanently quartered in the mountains on the northern frontier of Italy, would, in the event of the latter country becoming involved in hostilities with either of her neighbors on the north, be called upon to cover the mobilization and concentration of the Italian forces or act as an advanced guard to any forward movement made by them in the prosecution of an offensive campaign. All the units of this Alpine force are always kept on a war footing, and arrangements have been lately made which are designed to insure that the several battalions and batteries shall be ready to take the field at the shortest possible notice. As the Italia Irredenta party in Italy is daily becoming more clamorous, it is not surprising that the strength of the armed forces in the north of Italy should excite some uneasiness in Austria, although it is generally believed in the latter country that, unless aided by allies, the Italian army would be altogether unable to cope with that of Austria.

CHARLOTTE DIST. CONFERENCE.

Higher Education of Females Discussed by Dr. Jones.

Correspondence of the News.

THIRD AND LAST DAY.

CONCORD, July 26.—This was by far the most interesting day yet. The attendance has been large. Dr. T. M. Jones was here representing Greensboro Female College. To-day at 11 o'clock he made a beautiful speech on "Female Education." He has so long been connected with female institutions of learning that he is one of the best advocates of female education in the State. He is purely a woman's right man—that is, that she should be educated. At the conclusion of his speech, Dr. B. Craven was introduced to the conference. His speech was upon the importance of "Higher Education." His was a strong forcible speech. At the evening session. Dr. T. C. Smith, T. Mauney, Mr. Winchester and C. G. Montgomery were elected delegates to the next annual conference. The next conference is to be held at Center church in Stanly county. This is the fourth and last year of Dr. W. H. Bobbitt as presiding elder of this district. Very touching and complimentary resolutions were unanimously passed relative to the appreciation and esteem in which he is held on the entire district.

Rev. F. L. Reid, of the Raleigh *Advocate*, made a speech setting forth the claims of that paper. The manner in which his speech was received and the general *get about* of the young but gifted and talented editor, with pencil and little blank book dotting names down here and there, I am safe in saying he secured many subscribers; and in all respects his visit here was both successful and profitable to himself and others. A TEXAS PASTIME.

How they Settle Long Standing Feuds in Texas.

GALVESTON, July 28.—A special dispatch to the *News* from San Antonio gives the following particulars of the killing of Thos. F. Dewees by Chas. Temple. Chas. Temple and Jas. Ord, son of General Ord, department commander, were riding from the town of Pleasanton, when they were hailed by Thos. F. Dewees, between whom and Temple a feud existed. Temple asked Dewees what was wanted, when the latter knocked him from his horse with his fist. Temple retreated, but was followed by Dewees, who continued striking him. Finally Temple drew a knife and plunged it into Dewees' heart, causing instant death. Temple and Ord were arrested, but the latter has since been released.

Condensed Telegrams.

Hon. W. Y. Little, Lieutenant-Governor of Alabama, died in Selma, yesterday.

One death from yellow fever is reported in New Orleans.

The Excursion to Norfolk on the 5th.

The Norfolk merchants have chartered the trains of the Wilmington & Weldon, Raleigh & Gaston, Raleigh & Augusta, Air Line, and Seaboard & Roanoke Railroads, the Tar, Roanoke, and Chowan River Lines, for an excursion to that city, on August 5th, for the benefit of the business men on the line of the respective above-named routes.

* * * They have also provided a "Reception Room," at Mechanics' Hall, Main street, where the respective committees will take pleasure in giving the excursionists any information, and doing all that they can for their comfort and pleasure.

They have also chartered one of the splendid steamers of the Bay Line, for an excursion to Fort Monroe and the Capes for their benefit.

Tickets for transportation over the various lines are sent to those invited, which entitles the holders to the privileges therein expressed, which among other clauses contains the following:

"This ticket is good to return by regular passenger trains eight days from date."

There will be a grand banquet given on Wednesday, the 6th, at 2 p. m., at the warehouses of the Boston Wharf and Warehouse Company, from which point the excursion steamers will leave for Fortress Monroe and the Capes.

Special arrangements have been made with the hotels and boarding houses at reduced rates.

The excursionists will be received and welcomed on the evening of their arrival at market square by the Honorable John S. Tucker, Mayor of the city, on behalf of the Norfolk merchants. T A Williams, Washington Taylor, H S Reynolds, E T Powell, A T Powell, A T Francis, Richard Evans, S N Brickhouse, T F Rogers, E G Ghio, Alexander Savage, Bennett Bunn, C. A Nash, committee on invitation.

The object of the excursion is to increase fraternal relations between the merchants of the interior and the city of Norfolk, and also to show a slight appreciation of the liberal patronage which merchants of Norfolk have received from the sections to which these invitations have been extended, and at the same time to show by ocular demonstration that they have facilities surpassed by none, and equaled by few, if any.

It will be seen that none but those invited are expected to or can avail themselves of the benefits of the excursion. The committee would like to extend invitations to all business along the above named lines, but are compelled to limit the number invited to their ability to accommodate their guests. The merchants also propose to have another excursion on the 27th of August to embrace the other sections of North Carolina, not included in that of the 5th.

A Thriving Community.

Apex, Raleigh's thriving and prosperous suburb, is preparing for the Fair. Our special correspondent writes: Extensive preparations are being made for the approaching Fair. I hear a great many will enter stock and exhibit produce that have not hitherto taken much interest in the Fair. This is a live community anyway; enterprising, thrifty and hard working.

Death of Wm. R. Greason.

THOSE TOBACCO FRAUDS.

COMMISSIONER RAUM'S DENIALS SUMMARILY DISPOSED OF.

The Washington Partners of the Ring Thoroughly Alarmed—Raum's Statement of Guilt.

Washington Post, 26th.

The *Post's* exposure of the operations of Revenue Collector Marks' tobacco ring in New Orleans struck the revenue bureau at Washington in a most vulnerable point, and Commissioner Raum is very much exercised over it. His first step was to send for correspondents of leading Republican papers and insist that they should defend him and his bureau. He even went so far as to prepare his defense in writing and send it to the correspondents. One of these gentlemen candidly informed the Commissioner that if he had nothing stronger to say in his own behalf than what was contained in his prepared article, he had better remain silent. The New York *Tribune*, however, took the stuff, and Wednesday published it. It begins with a plea of guilty to the *Post's* indictment by saying that the statements made in this paper were true, but the interpretation given to them was wholly unwarranted. The charge made was that Collector Marks organized a ring and pocketed the revenue that belonged to the Government; that he became too avaricious and made such heavy assessments upon the dealers that they could not pay them and continue business; that to rid themselves of Marks' tyranny the dealers confessed the frauds that had been practiced, and asked for compromise with the revenue bureau. Commissioner Raum admits that this statement is true, but takes exception to the "interpretation."

In order to substantiate all the charges made by the *Post*, no stronger testimony need be sought than that given in Raum's defense in the *Tribune*:

"Some time ago," he said, "I became satisfied from information from various sources that large frauds in the manufacture and sale of tobacco were being perpetrated in New Orleans, and I sent Revenue Agent E. D. Webster to ferret out the frauds, with full instructions. The instructions given to the agent were not made known to Collector Marks, and for a time the two were working at cross purposes. The agent, however, succeeded in his mission in so far as to expose a ring of tobacco dealers who were operating in collusion with some one in the collector's office. It was at this juncture that the man Flores, referred to in the *Post's* articles, for the purpose of saving himself, turned States's evidence and made a sworn statement to the revenue agent, and the ring became fully exposed. For a time suspicions necessarily attached to the responsible head of the office, and during further investigations Secretary Sherman emphatically expressed to the commissioner of internal revenue his determination to remove the collector or any subordinate against whom there should be found evidence sufficient to establish any connection whatever with the frauds. No evidence was discovered or has yet been presented tending to implicate Collector Markr, and I believe him to be an honest man, as he is certainly a capable one.

"The investigation," said Commissioner Raum, "however, led strongly to the belief that the first deputy collector, an official who served in the office many years before Mr. Marks was appointed, and who was originally appointed under Democratic administration, was a sharer in the profits of the ring, and by the order of the commissioner was summarily dismissed. Had the collector been guilty, I believe his deputy would not have submitted to being discharged without at least exposing the official who discharged him. The ring was broken up, and upon the recommendation of the commissioner their cases were compromised by the payment of sums varying from $1,000 to $10,000 to the Government."

After being satisfied that large frauds were being practiced, Raum sent an agent to "ferret them out, but not to disturb Marks or arrest anybody." General Webster says himself that his hands were tied as far as inflicting punishment was concerned; that he found Marks and all his assistants and employees to be the "most infernal set of scoundrels he ever met with in all his experience as a revenue officer," and yet he was so restrained by Raum that he could not take a single practical step toward stopping these frauds and bringing the "infernal scoundrels" to punishment. Webster was so indignant that he sought to have the United States grand jury take cognizance of these frauds, but before it could reach Marks an order from Attorney-General Devens, directed the summary adjournment of the jury. General Raum seeks to put the whole burden of the rascality upon a deputy collector, and says he was a Democrat. Let any fair minded man say if this is not a petty trifling, a begging of the question that is disgusting. He was a Democrat—as if that were an excuse for outrageous frauds. In the first place Marks, as the collector, is responsible for the conduct of the office, and cannot dodge the responsibility by putting it upon a deputy. But, aside from this, every particle of testimony submitted to Raum in regard to these frauds named Marks as the originator and manager of the ring. The affidavits of dealers who formed a part of the ring fix the frauds upon Marks himself, and so did the report submitted by Webster. The entire influence of the bureau was employed to save Marks, and it was done with the connivance of John Sherman himself. Kellogg interposed to prevent the exposure through official action, because it would damage him in the investigation then pending; but this, perhaps, would not have saved him had John Sherman been free to act. He might have sacrificed Marks and his gang to make some show of honesty; but Marks came to Washington to look out for himself, and he put in the same plea that has served so many Louisiana scoundrels since Hayes got the stolen Presidency. He and his subordinates in the collector's office were all connected with the theft of Louisiana's vote, and it would not be safe to turn them out. They would expose that theft and John Sherman's connection with it. This knowledge is what put Wells, Anderson, Marks and the hundreds of others of returning board thieves in office in Louisiana, and kept them there in spite of overwhelming proof of continued robbery of the government. Commissioner Raum, according to his own statement, had information of the frauds before he moved at all, and finally he sent a man to "investigate" a matter of which he held in his own hands abundant proof. More than this: Raum knew of Marks' rascality, and he has proof of it now. For the present, the *Post* will content itself with giving Raum's defense and adding the few facts given above; but within a few days—a much shorter time than will suit the comfort of the revenue bureau—evidence of the charges made in this paper will be submitted. Mr. Kirby rushed into print in a great hurry, to say that no charges were laid before the grand jury against Marks. In his haste to do Marks a service, Mr. Kirby denied something that had never been charged. The fact is that the grand jury was disbanded to prevent the proof of Mark's frauds being laid before that body.

A Greenback Answer to Sherman.

PORTLAND, Me., July 24.—The Greenbackers opened their campaign to-night by a meeting at the City Hall to hear Solon Chase's reply to Secretary Sherman's speech. Owing to the short notice the hall was not entirely filled. Mr. Chase spoke an hour and a half and was warmly received. He argued that the bankers, aided by Mr. Sherman, were ruining the poor to enrich themselves. An honest dollar, he said, is one that from decade to decade will buy about the same amount of goods. Measured by that test the gold dollar is dishonest, as that of to day is worth two of 1860. The unlimited coinage of silver would start industry through the world. One hundred and fifty millions in reserve hangs over industry like a cake of ice. If it goes to Europe it will go into channels of industry. Last year the Greenbackers whispered a word into the ears of the Republican party. This year chain-lightning is going to strike. They begin to hear the tramp of cowskin boots.

STATE NEWS.

Weather, Crop and Political "News" Items.

LENOIR COUNTY.

The NEWS Kinston correspondent sends the following: Weather warm and rainy. Good crops in the southern part of the county. Drouth has stopped nearly all the water mills in the county. Steam mills are running day and night. Leon Isler, a colored boy was drowned near here last week.

JOHNSTON.

Our Cayton correspondent notes refreshing showers in that section. The rains have benefited the crops. In the southern and eastern sections of the county crops are very poor. The corn crop will be short necessarily. The road law, passed by the "Reform Legislature," requiring seven hours work a day when two is enough, is condemned by everybody. A general road working took place last week and the unanimous verdict was, that the man who offered the bill and those who voted for it are fools. Some growling is heard against the county commissioner about the insecure and dangerous condition of the public that the bridges are unsafe and that all persons who cross them must do it at their own peril, yet no steps are taken to remedy the inconvenience.

Note.—The total enrollment during the term of the Centennial Graded School, ending June 7, 1879, was 575, of which 310 were males and 265 were females. The average attendance was 357.

There is not room in the building to accommodate the pupils, and there are indications of a considerable increase for the coming year. There is not money enough to employ the requisite teachers for the proper instruction of the present pupils, the income from taxes having fallen off several hundred dollars last year from the previous year. Under the new assessment of this year, however, the income will be considerably increased, and it is expected that an economical administration of the fund will enable the incoming committee to add at least one teacher to the present corps, which is absolutely necessary.

There are four rooms in the two story rear wing of the Executive Mansion, with a brick partition separating them from ground to roof. The committee caused the examination of the building to be made by a competent architect and builder of the city, with a view to the addition of two large class rooms to the school, by the removal of the partition, if it could be done with safety, at a nominal cost. He reported the roof and walls as self-supporting; the removal of the partition absolutely safe, and offered to do the work and put in blackboards and desks complete for $165.20. Upon applying to the Council of State for leave to make the necessary change, it was respectfully declined. The committee are of the opinion that the success of this school depends largely upon the ultimate accomplishment of this addition at an early day, and, acknowledging their failure herein, they recommend further effort in this behalf.

There will be a competitive examination held at the School Rooms, commencing at 9 o'clock a. m., of Wednesday, August 13, 1879, whereat all persons who shall have applied for situations as teachers are invited to attend.

The school will re-open on Monday, September 1, 1879, and there will be at least one teacher on duty at the School Rooms the entire previous week for the enrollment and classification of pupils.

No non-resident pupils will be admitted to the school without the written authority of the committee.

Mayor's Court.

The Mayor had a "field day;" more business came up yesterday morning than there has on all the Monday mornings combined for the last two months.

First came five drunks from Saturday night. Guard-house for twelve hours.

Next were Molcie Stephens and Donan Jackson, unlawful cohabitation. Discharged for want of evidence. An admonition thrown in *gratis*.

Mack Hawkins and William Mayhew, fast driving. Five dollars and costs each. It was shown that the animal had been unmercifully driven, and the Mayor put on the price accordingly.

Lena White (a misnomer as to her last name), larceny. Judgment suspend. This is allied with another case commenced bfore Justice Watts Saturday evening and coecluded last night, where she had two police officers arrested for forcible entry of her house.

Japhet Powell and Mary Hall were arrested on complaint of Hardy Cross, sexton of Tupper's Church, for forcibly entering the building on Sunday and holding religious services. At the conclusion of the trial the Mayor said that he could not see that any damage had been done; that although there might have been a technical violation of the statutes yet it was not fully proven; that those who went to the church Sunday went there for worship, and thought they were doing right; therefore he should assess the parties a dollar to pay for the cleaning and the oil, and hoped that this would be the last of the Tupper Church fight.

Now we can rest in peace for another month.

Grand Dress Ball at the Atlantic Hotel.

The event of the season at the Atlantic Hotel, Beaufort, will be the grand full dress ball that comes off there Thursday night. Big preparations are in progress and the crowd will be centennial in its proportions. The following are honorary managers:

County Taxes.

As section 5 of chapter 141, laws of 1876-'77, and section 2 of chapter 82, laws of 1879, requiring the justices of the peace to perform different duties on the same day, there was danger of there not being a majority of them putting in an appearance here on Monday next. This would have prevented the levying of the county taxes. Captain White, the clerk of the board of commissioners, consulted the county attorney in relation to this serious matter, and the result of this consultation is the subjoined letter from the lawyer who represents the solicitor in this county. It would be well for the state press to reproduce the communication from Mr. Harris, for the government of magistrates throughout the State:

RALEIGH, N. C., July 28, 1879.

E. R. Stamps, Esq., County Attorney:

SIR: I am informed that the justices of the peace for the several townships of Wake county propose to meet on the first Monday in August next as supervisors of the roads. It is also required that they meet with the board of commissioners on the same day, for the purpose of levying county taxes. The latter duty should be performed in preference to the other. I advise that the justices meet with the commissioners on the first Monday in August, for the purpose of levying taxes, and that the justices, as supervisors of the roads, meet some time later in the same week and comply with the road law, as required to do on the first Monday in August. This will be a compliance with both laws, and will not render them liable to criminal prosecution.

J. C. L. HARRIS.

Not Particularly Wanted.

Chief of police Lee has received the following letter of inquiry:

BOWLING GREEN, July 22, 1879.

DEAR SIR: Please inform if one Charles Birch, *alias* Williams, *alias* Johnson, *alias* Wright, is wanted in your State. If so, with what crime he is charged. Yours, etc.,

T. D. COGHILL.
Sheriff of Caroline county, Va.

Birch, it is so stated, has been implicated in some forty crimes in this State. He was engaged in the robbery of Williams' store, located about twelve miles south of this city; also in Jewell's and Johnson's stores. Still it is not believed that the evidence in these cases will warrant conviction. So if our Virginia friends have anything that will "stick" they had better keep him. It is believed that he had a hand in killing an officer in a Virginia county while avoiding arrest.

The Races.

An error was made in the article published Saturday morning relative to the races on the 14th of August. The running and trotting races should alternate, and the purses for the first races of each kind should have been $35 instead of $30, and the first horse takes $20 instead of $15. All trotting horses are to be driven to buggies. Parties desiring to enter should address George W. Wynne & Company, Raleigh.

GRADED SCHOOL REPORT.

The annual report of the graded schools, published in the NEWS this morning, making some important suggestions touching the successful prosecution of the work so auspiciously begun, will command attention. The people in Raleigh, represented by the 575 pupils who attended the last session of the school, cannot afford indifference to the important matter of their children's education. Those who are not patrons of the schools are hardly less concerned in the successful prosecution and building up of the graded school system, or some good system of public instruction.

We hear of such a thing in France as a protest, in the name of liberty, against education. In this morning's NEWS will be found the Pope's protest against Ferry's educational bill, which recently passed the chamber of deputies. That may never happen in free America, but it behooves our people to earnestly bestir themselves in building up a public school system in North Carolina. The State has been in disgrace long enough. When the committee tells us that "there is not room in the building to accommodate the pupils, and there are indications of a considerable increase for the coming year," room must be provided.

When the committee informs us that "there is not money enough to employ the requisite teachers for the proper instruction of the present pupils, the income from taxes having fallen off several hundred dollars last year from the previous year," the means must be provided. The only way to build up our schools is to do it. Enough of theorizing. Money is wanted.

THE NEGRO IN POLITICS.

Whether or not the negroes will vote solidly with the Republican party hereafter of course we know not.

If they possess any manhood or self-respect they will not.

A great many leading and influential colored men read the NEWS.

Not unfrequently do they commend its fairness to them.

Not unfrequently do we receive expressions from them in sympathy with the vigorous enunciation of the Hon. and Rev. Mr. Turner in the Atlanta *Constitution*, reproduced in Sunday's NEWS.

We quote again, and for a purpose, what this representative and intelligent colored man said:

"I have no confidence in any party or section. I used to think the North wished us big things, but I find white people are the same everywhere. None of you care a fig for the negro beyond the extent you can use him. So I have no charge to make against the South that I do not make against the North. I am down upon the entire nation, and intend to fight negro prejudice everywhere the rest of my days."

It is unanswerable. The colored men who honestly desire the elevation of their race will do well to give it serious and unimpassioned consideration. It is the key note to their future happiness and well being. It is the chart of their political existence. The NEWS will help them follow it.

IN ORDERING the publication of the meeting at Kings Mountain last Friday the committee almost forgot the North Carolina papers. The NEWS needs no invitation to print anything concerning the glory and honor of North Carolina or North Carolinians. We are quite as proud of her Revolutionary history as we are partial to "the North Carolina system." The proceedings of that enthusiastic meeting last Friday is elsewhere published in the NEWS that our people may not forget the location of the battle ground, and that brave North Carolinians fought and fell there. We believe there is no dispute but what the battle was fought.

THE "Mud cut" district dances to the front through Halyburton's sharp *Blade* and shows her hand. Somebody wants that live congressman Vance's shoes—it will take a live man with the energy of a whole Congress to fill them—and has nominated him for Governor. There is "Robinson, of Macon, Johnston, of Buncombe, Davidson Jr., of Buncombe, Polk and Cilley, of Caldwell, Gaither and Bynum, of Burke, Gudger of Madison, A. M. Erwin, of McDowell, and several others equaliy as prominent." It is the poorest year for candidates ever known in the history of State politics.

CONGRESSMAN Steele's little explanation is giving the papers outside his district some concern. It moves the Wilmington *Review* to deprecate "the insatiate thirst for office in some people, to compliment Colonel Steele as an "able representative" and one that "reflects credit upon his district," and "patriot enough to accept the nomination a third time if forced upon him." The *Review* is a sarcastic paper, and often we are puzzled to know how to understand it.

THE article from the Washington *Post* lets in a little daylight on some of Raum's rascality. *Catching* Raum in his dirty tricks is like catching Conger in a lie. It is "hardly ever" done. The *Post caught* Conger in a lie only once during a three month's session of Congress. Now it has *caught* Raum. May it persevere in its arduous undertaking. It deserves the thanks of an outraged people.

OF Judge Schenck the Charlotte *Home* says:

Judge Schenck's friends affirm that he is not a candidate for Congress. Law is his profession and his ambition lies in that direction. He is considered as one of the very brightest legal minds North Carolina ever produced.

The *Home* has exactly measured its man, and some day slow, plodding, old North Carolina will acknowledge it.

The irregularity in the delivery of the NEWS to the Charlotte *Observer* and Oxford *Free Lance* we cannot account for. It shall be remedied if possible.

Harry White on the Way to the White House.

Philadelphia Times' Washington Correspondence, 26th.

Christ C[illegible]ondence, 26th.

W M M Mars' came into the *Times* office this evening sweating like a bull's nose, and remarked that it was hot. Then he told what he was here for, and then said he was going to the White House to-morrow.

"What for?" was asked.

"I am going to tell the President that the people begin to talk of him for President again."

"But do they?"

"Oh, yes," he said; "a big merchant from Pittsburg told me yesterday that would be the best thing to do; that it would settle Grant, Sherman and Blaine and all the rest, that Hayes had been behaving so well and the country seemed to be so quiet and prosperous that a change was not desirable. I find a good many men in Pennsylvania, much to my surprise," added General White, "who think like the Pittsburg merchant. Hayes is well spoken of in the State."

"How does Sherman stand?"

"Well, sir," he answered, "he stands much better than I thought. I think his name is mentioned oftener and more favorably than any other man. I tell you he has a big standing."

"How is Grant?"

"Oh, Grant seems to have lost his boom. He has lost largely lately; not from any cause but his name seems to have dropped out. It may come up again, but there is now much less heard of him than formerly."

"How is Blaine?"

"Well, sir, Blaine has lost ground. You know I have been for Blaine, but his course on the Chinese bill has hurt him greatly in Western Pennsylvania."

"That is strange," said his questioner. "I thought Pennsylvania was for Blaine through and through. Besides, how can the Chinese question influence Pennsylvania?"

"It is not," he answered, "so much the question as the demagogism of Blaine in taking the part he did for the influence of the Pacific States. He has lost very largely in Pennsylvania."

"What else are you going to tell the President?"

"Well, I will tell him that Pennsylvania will go Republican, and a lot of other things, and I shall tell how the Sherman feeling is."

"Who are you for for President, General?" was finally asked.

He said in reply that it was very warm.

[White represents the Kiskiminetas (Penna) district in Congress. He is one of the loudest-mouthed Radical ranters in that body. He hates everything that is conservative or conciliatory. He hates the Democratic party intensely. We once heard him say that he would vote for the devil before a Democrat. He has not forgotten how the "rebel" blood-hounds tore his flesh while attempting to escape from Anderson prison. He was in the Salisbury prison also, and speaks kindly of many of the Salisbury people. We have heard him relate his prison life. A better man than White would feel a little sensitive about it. We feel that way sometime. But White wants some favor at the hands of the *de facto* President. Well enough does he know that Hayes does not stand a ghost of a chance for the nomination. Sherman and Blaine will be able to cut each other's throat, and then Grant or Garfield will get the nomination. Garfield is the ablest man, intellectually, in the Republican party. Grant is the strongest. Grant is the only man in the Republican party that can unite the negro vote; and no Republican can be elected without that vote. It looks that way now.—ED. NEWS.]

A Specimen Tar-Heel Editor.

Chester (S. C.) Bulletin.

We are pleased to notice among the names of a number of gentlemen spoken of for Congress from the Sixth Congressional District in North Carolina, that of Colonel Charles R. Jones, the veteran editor of the Charlotte *Observer*. To our mind the patriotic people of the District would very greatly honor themselves by tendering Colonel Jones the nomination, and, although the candidate of the Convention for that District is of no *immediate* concern to us, yet we cannot desist speaking a good word for a man who had so many kind words and did so much for our dear old State when she travailed in sorrow and her proud escutcheon was bedraggled in the mires of Radical rottenness. He has ever been an unpaid sentinel on the watch-tower of our own liberties as well as the Old North State, which State he has always served faithfully in every station of his life. He has waged eternal warfare upon the lecherous crew who piled perfidy mountain high and devastated the homes of many of her gallant sons. Of undoubted courage, of quick perceptive powers, an able debater, intelligent, conservative—where conservatism is not truckling to tyrants and evil-doers—he would make a representative whom the people of North Carolina would be proud to honor.

[If newspaper compliments are of any value, Jones will leave a proud heritage to his children, for the above is only a sample of the treatment he is receiving at the hands of the press of three States. It is worth more than a seat in Congress—to a poor man. Glory before ambition, always.]

A Quarter of a Million Jews.

For nearly four years past Mr. William B. Hackenburg, of this city, one of the most prominent Hebrews of the country, has been engaged in the preparation of a statistical record of Jews and Judaism in the United States. This work, which is intended to form a permanent record of American Israelites, is approaching completion and will shortly be in the printer's hands. Not one of the least of the discoveries made is that there is not believed to be a pauper Jew in the United States. Every Hebrew who is able to work finds something for his or her hands to do, while the sick and infirm are abundantly cared for by the local societies. A Jew is never permitted to seek assistance in sickness from any denomination or charity outside of his own faith.

It is calculated that there are now fully a quarter of a million of Jews scattered over the United States. They have fourteen public institutions under their exclusive control, although some of these are not sectarian in their benefits. There are fifteen newspapers and magazines devoted to the cause of Judaism and published and edited by Jews. They have four Jewish orders, all secret societies, having for their object the advancement of Judaism, the mutual assistance of their members and general charitable objects. The value of property of all kinds owned by congregations is valued at upward of five millions of dollars. The oldest synagogue in the country is that of Shearith Israel, of New York, which was established prior to 1684.—*Philadelphia Record.*

[It is idle to talk about such a race of people being afraid of Corbin or anybody else. All that a Jew has to do in this country is to assert his manhood. This is a free country. Every man, Jew or Gentile, white or black, is a man. He must act the man if he would be respected as such.—ED. NEWS.]

COLONEL THOMAS has decided not to move the Carolina Military Institute from Charlotte. A wise conclusion the Charlotte papers think.

WHAT does the brilliant New York *Star* think of this: Our Apex correspondent writes under yesterday's date: "The majority of the people want Sam. Tilden for President. They say give "us Tilden and he will give us reform!" We know the *Star* will not be pleased thereat—much.

THE *Southern Home* considers Hon. Walter L. Steele in the race. Calvin E. Grier, Esq., is also named. Anything for pastime this hot weather. It is not so hot either.

The South and its Newspapers.

New Orleans Times.

There is no question that the tone of the great majority of the newspapers of the south is to-day bolder, more independent and outspoken than it has ever been before. The newspaper realized the necessity of taking a position in advance of public sentiment on many important questions, and they took it, although they were aware that they risked their popularity. They knew, however, that what they lost in the present they would gain in the future. It has not been very long since, in many sections of the south, the spirit of intolerance prevailed to such an extent as to practically shut out immigrants from the northern states. Through the well directed efforts of the newspapers that spirit has about disappeared, and immigrants now find nowhere a more hearty and hospitable welcome than in the south. The practice of carrying concealed weapons was another of those evils which affected society in the south, the existence of which was made possible by an unhealthy public sentiment. In some of the southern states the crime of murder was regarded with less horror than the crime of horse-stealing, and it was next to impossible to secure the conviction of a murderer. The newspapers have brought about a revolution in public sentiment, and the practice of carrying weapons is being abandoned. Murderers do not find it so easy now to evade the law as formerly. Within a very few weeks three prominent men have been convicted of murder in the state of Georgia, and their trial and conviction followed close upon the heels of their crime. The fight which the most influential newspapers of the south, and particularly of Tennessee and this state, have made, and are still making, against repudiation, is both vigorous and earnest. If it had not been for them, there is but little doubt that Tennessee would have repudiated her entire debt, and that repudiation in this state would have been an accomplished fact, as far as the convention is concerned, long before this. There is no doubt that these newspapers of the south are edited from a higher plane than ever before. They are striving earnestly and honestly to abate evils, reform abuses, elevate society, and to make the south rich and prosperous.

It is no use, Manager Keogh.

Philadelphia Record.

When, not long ago, Colonel Keogh, the clever Chairman of the Republican State Committee of North Carolina, indulged in cheerful forecastings of a possible victory for his party there next year upon a revival of old war issues, he made a great mistake. He has made similar mistakes before, notwithstanding his acknowledged shrewdness as a political manager. This plan of appealing to the Union sentiment, which we all admit was strong in North Carolina during the war, was tried in the Vance and Settle campaign in 1876. Judge Settle undertook to wave the bloody shirt by impassioned appeals to the prejudices of the Unionists and by charging Governor Vance with being a bitter war man, but the venture reacted on his cause disastrously, and Vance beat him badly at the polls. North Carolina supplied upward of 3,000 white soldiers to the Union army in regiments raised within her borders and credited to her. Besides these, thousands of North Carolinians enlisted in Tennessee, Indiana and Massachusetts regiments, and a good many tar-heels shipped in the volunteer navy and entered the national service in other directions. These loyalists very generally resumed their avocations in their native State upon the close of the war. The remarkable fact about the matter is, however, that hardly a man of them affiliates with the Republican party. This very element, on which Colonel Keogh seems to count for his anticipated success in 1880, went back on him three years ago, after the most pathetic appeals from the Republican spokesmen to "rally round the flag" and vote as they had shot. It is of no use, Colonel Keogh; North Carolina is just as solid as Alabama or Georgia; and bids fair to stay so. The "war" dodge won't do.

But the war is over, and slavery, its cause, is dead and buried.

The Watermelon and Sweet Potato Trade.

New Berne Democrat.

Fourteen vessels have left Beaufort harbor this season loaded with watermelons; the average carrying capacity of the vessels being about 7,000 melons each.

The schooners Ada Henry and Wade Hampton, have just left the harbor with over 10,000 melons each. The first mentioned, loaded by Mr. Colburn, the latter, by Mr. Thomas Daniels, of this city. Mr. Colburn is the champion watermelon raiser of the State. The country on the line of the A. & N. C. Railroad is the best trucking country on the Atlantic coast. And as for sweet potatoes, they can beat the world in size, quantity and quality. If arrangements were made with the different railroads for low rates of transportation north and west, *and such arrangements can be made*, there would be but little necessity for northern and western people engaging in the cultivation of either potatoes or watermelons. We think Carteret county can now supply the entire State with both, and have plenty left for home consumption.

We would like much to see low rates of transportation to the interior, it would lead to a reciprocity of good feeling and also of trade. We can furnish the center of the State with sweet potatoes and melons, and they furnish us with a full supply of their much boasted crop of *dried blackberries*.

Richmond's Generosity.

Wilmington Star.

We noticed a few days ago a boastful paragraph in the Richmond *Dispatch*, in which that modest paper very generously tendered the great port of Richmond to the people of North Carolina, inasmuch as Wilmington would not or could not afford the requisite facilities. This was very generous, and the magnitude of their offer stands out in still larger proportions when we examine into the exports of the two cities. From official figures we gather the following: the tonnage employed in foreign export trade for Custom House year ending June 30, 1878:

	Tons.
Wilmington	97,897
Richmond	27,799
Surplus as to Wilmington	70,098

This is a whole fleet.

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name ***McLane,*** spelled differently but same pronunciation.

Is an absolute and irresistible cure for

DRUNK-

enness, Intemperance and the use of Opium, Tobacco, Narcotics and Stimulants, removing all taste, desire and habit of using any of them, rendering the taste or desire for any of them perfectly odious and disgusting. Giving every one perfect and irresistible control of the sobriety of themselves and their friends.

It prevents that absolute physical and moral prostration that follows the sudden breaking off from using stimulants or narcotics.

Package, prepaid, to cure 1 to 5 persons, $2, or at your druggists, $1.75 per bottle.

Temperance societies should recommend it. It is perfectly harmless and never-failing.

The Wife's Song—"Linger Not Long"

I linger not long! Home is not home without thee,
Its dearest tokens only make me mourn;
Oh! let its memory, like a chain about thee,
Gently compel and hasten thy return.
Linger not long!

Linger not long!—though crowds should woo thy staying.
Bethink thee—can the mirth of friends, though dear,
Compensate for the grief thy long delaying
Costs the poor heart that sighs to have thee here.
Linger not long!

Linger not long!—how shall I watch thy coming.
As evening's shadows stretch o'er moor and fell;
When the wild bee hath ceased her weary humming,
And silence hangs on all things like a spell!
Linger not long!

How shall I watch for thee when fear grows stronger.
As night grows dark and darker on the hill!
How shall I weep when I can watch no longer!
Oh, art thou absent, art thou absent still?
Linger not long!

Yet I should grieve not, though the eye that seeth me
Gazeth through tears that make its splendor dull;
For oh, I sometimes fear, when thou art with me,
My cup of happiness is all too full!
Linger not long!

Haste—haste thee home until thy mountain dwelling.
Haste as a bird unto its peaceful nest!
Haste as a skiff, when tempests wild are swelling,
Flies to its haven of securest rest?
Linger not long!

DR. TUTT has succeeded in combining in these pills the heretofore antagonistic qualities of a STRENGTHING, PURGATIVE, and a PURIFYING TONIC.

Their first apparent effect is to increase the appetite by causing the food to properly assimilate. Thus the system is nourished, and by their tonic action on the digestive organs, regular and healthy evacuations are produced.

The rapidity with which PERSONS TAKE ON FLESH while under the influence of these pills, indicates their adaptability to nourish the body, hence their efficacy in curing nervous debility, melancholy, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health & strength to the system. BUFFALO LITHIA WATER,

As a General Remedial Agent in Chronic Diseases.

—o—

It is confidently claimed for these waters, and the claim though a strong one is substantiated by the testimony of many of the most eminent medical men of the country, both North and South, that in the following enumerated diseases: Affections of the Kidneys and Bladder, especially in Stone or Gravel, Dyspepsia, Rheumatism, Paralysis, Malarial Fevers in their chronic form, Dropsical Effusion, Uremia or Uremic Poison, Chronic Cutaneous Eruptions, and in the Functional Diseases peculiar to Women, more especially in al Disorders of the Menstrual Function. They have accomplished results as remarkable as were ever accomplished by any remedial agent whatsoever, whether in materia medica or among mineral waters. They are confidently recommended by some eminent medical men as a preventative of the disturbance and dangers Incident to Pregnancy.

Talbott's Patent Spark Arrester.

THE INVENTION OF THE AGE.

Talbott's new Patent Spark Arrester is really the only perfect and reliable one, and is superseding all others in use. The great efficiency of this Arrester is attracting universal attention, and is being endorsed by the best mechanical engineers and insurance companies. Its prominent features are:

It does not destroy the draft.

It does not interfere with cleaning the tubes.

It will not choke up, and requires no cleaning.

It requires no direct dampers to be opened when raising steam (dampers being objectionable, as they may be left open and allow sparks to escape.)

It requires no water to extinguish sparks, which, by condensation, destroys the draft. Besides, when water is used, if neglected, the efficiency is destroyed by evaporation of the water, and the boiler is kept in a filthy condition.

It is simple and durable, and can be relied upon.

It can be attached to any boiler.

No planter should be without one of them. Insurance companies will insure gins and barns where the Talbott Engines and Spark Arresters are used at same rate as charged for water or horse-power.

Index to New Advertisements.

WILLIAM SIMPSON—Local notice.

LOCAL BRIEFS.

——Mrs. Roberts, a consumptive, died Sunday night.

——Internal Revenue receipts yesterday, $1,714.73.

——The swimming pond now has eight feet of water.

——A special meeting of the Board of Aldermen this evening.

——Lumsden has got settled in his new store two doors south of his old stand.

——The rain of Sunday and yesterday brought joy to the hearts of many planters.

——The framework for the telephone wires has been erected over the Western Union office.

——Old bonds to the amount of $11,000 were yesterday exchanged at the State Treasury.

——Judge Brooks is expected to arrive in this city next Friday, and spend a few days here.

——J. H. Mills, of the Oxford Home, passed through the city yesterday en route to the Warm Springs.

——Considerable sport is anticipated on the 14th, and the races will tend to bring a number of people to town.

——Owing to the inclemency of the weather the Y. K. of T. did not hold their regular meeting last evening.

——Preparations for the establishment of the telephonic exchange, are being vigorously pushed forward.

——Miss Nettie A. Marshall, who has charge of the Kindergarten class of the Centennial Graded School of this city, is lying dangerously ill at Chapell Hill.

——The gratings for the basement openings of the Government building were made by R. N. Mitchell & Co., and are fine specimens of mechanical work.

——An altercation took place Saturday night between a lot of fish dealers, the particulars of which, however, are not of sufficient public interest to warrant publication.

——Devereux Jewell, arrested on a charge of larceny, stealing harness, the property of Rufus Dunn, was discharged without trial, it being a clear case of mistaken identity.

——We are indebted to the publishers, Messrs. Uzzell & Wiley, for the journal of the sixty-third annual convention of the Protestant Episcopal Church, diocese of North Carolina. It is a handsome piece of typography.

——The assessors of Wake county at large, are holding forth at the grand jury room in the court house. If you have any complaints to make in reference to the valuation of your taxable property, they will hear you.

——Look at the tax receipts given to you by the Sheriff for taxes of 1878, and if the date of it is prior to December 14, 1878, the Register of Deeds will hand you county scrip for the excess paid in. Call for it, it will be receivable for taxes.

——County assessors Lewis and Rodgers with township assessors Best and Root will be in session at the Court House to-day to hear complaints, etc. Persons desiring to examine the list can do so within the next two days.

——The following letters remain dead in the postoffice for the reasons assigned: W. M. Pinton, Musquite, Dallas county, Texas; no stamp. B. M. Privett; no postoffice. G. B. Ferguson, Waynesville; held for two cents. Chas. E. Clark, Sea Side Park via Tom's river; no stamp.

——Fred Hinton, Esq. (colored), of St. Matthews township, will occupy apartments during the summer months at that just now popular summer resort, Hotel de Nowell. Jailor Bryan will pay especial attention to this guest and during his sojourn with him, will try and break him of the pernicious habit of stealing.

——A "cullud gemman" from the back woods had a hard time of it yesterday searching for "de pos' offis." He was told on Wilmington street that it was "a big white house on the next street." After this piece of definite information he started out, and as soon as he struck Fayetteville street commenced looking for white houses. He found them all, having inquired in every light-colored house from the capitol to the Government building if any of them were the postoffice before he found the place.

Barbecue at the Swimming Pond.

Prof. Lincke informs the NEWS that there will be a first-class barbecue at his pond this afternoon at 2 o'clock—barbecued pig, brunswick stew, etc. After dinner there will be one or more swimming matches.

Personal.

Peter M. Hale, Esq., late editor of the *Observer*, is in the city.

Richard Battle, Esq., and family left the city yesterday. Leaving his family at Hickory, for the Summer, Mr. Battle goes to Asheville to attend a directors' meeting of the Western North Carolina Railroad.

It is Gratifying to Know That

"Moore's School History of North Carolina" is destined to be a great success. The teachers throughout the State are feeling the importance of the work and many letters of inquiry concerning it, and almost daily orders are being received by the publishers. We older people are not well posted in our State history, and it is gratifying to know that the boys and girls who are soon to take our places are to be better informed in this important particular. "Moore's History" is reliable, impartial and entertaining.

"Still Harping on my Daughter."

North Carolina has been robbed of her history; her Declaration of Independence has been questioned; her railroad system is now the subject of contention, and one would think that she had little else worth stealing. Alas! it is not so, A ruthless attempt to steal her "snake stories" is the last outrage on her long suffering and severely tried people, "Another Good Snake Story" printed in Sunday's NEWS and credited to the Hamilton (Ga.) *Journal*, a friend kindly informs us, is "a verbatim account of a snake story to be found in "Fishing River Scenes," a North Carolina book, published many years ago by Harper Bros. Fishing river is in Surry county hence, the name of the book." A copy of the 'white oak tree,' the snake with his horn buried in the tree, and the man behind the tree looking very much frightened, is one of the many illustrations in the book."

When tired and weary, nothing is so soothing as a quiet smoke, provided you use Blackwell's Fragrant Durham Bull Smoking Tobacco.

62 MADISON AVENUE,
NEW YORK, April 11, 1878.

MR. ALFRED SPEER,—Dear Sir: The visit which I made last year to your vineyards, wine-presses and vaults at Passaic, N. J., satisfied me thoroughly that the wines manufactured by you are pure and unadulterated, and the very best that can be offered to the public for medical uses.

Acting upon my favorable impressions at the time, I have since recommended the Port Wine; more particularly in my practice, and am satisfied, with marked benefits to my patients.

There can be no better proof to the doubting mind, as to the Wine being made of the finest Oporto Grape, than a visit to the acres of land covered with the vine bearing the luxuriant fruit. Wishing you success in your praiseworthy enterprise,

I remain respectfully yours,
ALEX. B. MOTT, M. D.,
Prof. of Surgery, Bellevue Hospital Med'l College, etc., etc.

Coughing in Church.

No place in the world equals London for the constant barking kept up in the churches. It is like a perpetual fusilade of small arms. Why don't they take Hall's Balsam and get rid of their coughs? It is the most wonderful remedy, and the proprietors warrant it in every instance. Let all coughers give it a trial.

Worth Attention.

We guarantee a better article, superior finish, and better fitting Dress Shirts (laundried or unlaundried) for the same amount of money to be had anywhere. We make this important feature of our business a specialty and will warrant satisfaction or money refunded. *

Good Results of Life Insurance.

Another practical illustration of the value of Life Insurance is found to exist in the fact that the Ætna Life Insurance Company through their General Agent, W. H. Crow, has just paid $2,000 for a policy on the life of Colonel Joel Laflin, deceased, and also has in hand $5,000 to pay Mrs. Englehard for a policy upon the life of her late husband, J. A. Englehard, Esq., Secretary of State at the time of his death. Major W. H. Crow will be pleased to see or hear from any parties desiring to make a safe and judicious investment in this old and truly worthy institution which has been managed by him in North Carolina and Virginia for fourteen years. *

Chaste and Delicate.

The most chaste and delicate perfumes for the handkerchief are Dr. Price's Unique Perfumes, Pet Rose, Evening Violet, Meadow Flowers, Lily of the valley or any of his odors. The exquisite delicacy of their fragrance will delight all lovers of sweet scents.

In spite of the sharpest rivalry, the "St. Nicholas" hotel, of New York, has retained its pristine importance, and has the most powerful hold on the public. The rates have been reduced in accordance with the times, but the standard of the hotel has been even made higher than before. A restless ambition to make this the perfection of modern hotels has kept up the rank to the highest, and no public house is more quoted at home and abroad. Table, apartments, furniture, and attendance, are simply beyond criticism.

BOVINE, MISSISSIPPI, April 22, 1879.—The following correspondence will explain itself: A. WADDILL, Esq., LYNCHBURG, Va.—Dear Sir: Observing a certificate from you in reference to the "Iron and Alum Mass," of the Seven Springs, in Washington county, Va., in relation to its efficacy for Liver Diseases, would you have the kindness to inform me whether you used the "Mass" or the "Water;" also, a description of the symptoms and such other information as you may deem pertinent. I am a long-time sufferer with Liver Complaint, and naturally feel very anxious on the subject of a remedy that will afford me even temporary relief. Your early reply will greatly oblige, very respectfully,
WILLIAM BARR.

LYNCHBURG, Va., May 12, 1879.—WM. BARR, Esq., Bovine, Mississippi—Dear Sir: Your inquiry in regard to the "Liver case" which was effectually cured in my family from using the "Seven Springs Mass," is before me. The case referred to in my certificate was that of my wife's sister, who is now in her 80th year, and has been a member of my family for the last 27 years. She had been afflicted with Liver Disease for 30 years, sometimes almost dying with pains in the back, breast, and heaviness of the chest, heart-burns (intensely), sick stomach, vomiting, &c. I procured a few bottles of the "Mass" for her, and very soon after she began the use of it, her health commenced to get better, and she continued steadily to improve, and at this writing, so old, seemingly in as good health as a person who had never been afflicted with these diseases. She attributes her cure entirely to the efficacy of the "Seven Springs Mass." I regard it one of the greatest family medicines we have access to, not only for such diseases as above indicated, but for various other complaints for which it is recommended. Hoping these answers satisfactory, I am, very truly, A. WADDILL, Proprietor Lynchburg News.

Cuticura

REMEDIES

Infallibly Cure all Skin and Scalp Diseases, Scaly Eruptions, Itchings, and Irritations

The testimonials of permanent cures of Skin and Scalp Diseases which have been the torture of a lifetime by the Cuticura Remedies, are more wonderful than any methods or remedies known to the medical profession.

Cuticura Resolvent, a powerful Blood Purifier, is the only purifying agent which finds its way into the circulating fluid and thence through the oil and sweat glands to the surface of the skin, thus destroying the poisonous elements with which these vessels have been daily charged.

Cuticura, The Great Skin Cure, applied externally, arrests all unnatural or morbid growth which cover the surface of the diseased glands and tubes with Scaly, Itching, and Irritating Humors, speedily it removes them leaving the pores open, healthy, and free from diseased particles of matter.

Thus internally and externally do these great remedies act in conjunction, performing cures that have astonished the most noted physicians of the day.

Salt Rheum for 30 Years

On the Head, Face, and Greater Part of the Body, Cured.

MESSRS. WEEKS & POTTER: Gentlemen, I have been a great sufferer with Salt Rheum for 30 years, commencing in my head and face and extending over the greater part of my body. I have taken gallons of medicines for the blood of different kinds and tried good physicians, all of which did me no good, and I came to the conclusion that I could not be cured. But a friend called my attention to an article in the Union on skin diseases, and I got a box of Cuticura. The first application was a great relief and the third took the scales all off, and I felt like a new man. I have used three 50-cent boxes and my skin is smooth and I consider myself entirely cured. Hoping that this may be seen by some one afflicted as I have been (if there is any) is my earnest wish. And I cheerfully recommend it to all persons afflicted with like diseases. Yours truly,
B. WILSON LORD.

AGAWAM, MASS., Sept. 9, 1878.

The Cuticura Soap should be used for cleansing all diseased surfaces, as most soaps are injurious to the skin.

LEPROSY.

A Modern Miracle. Astonishing Results from the use of Cuticura.

MESSRS. WEEKS & POTTER: Gentlemen.—We have a case of Leprosy in our poorhouse which is being cured by your Cuticura remedies The county had employed all of our doctors and had sent to New York for advice, but to no avail.

The patient commenced using the Cuticura and immediately began getting better.

He had been confined to his bed for two and one half years. Had not had his clothes on during this time. Last week he dressed for the first time.

When he walked, there would at
